ADMISSION.

Candidates for admission to the Freshman Class are required to pass a written examination in the following books and subjects:—

Latin Grammar—Harkness's preferred.

Harkness's Latin Prose Composition, Part II.

Sallust—Catilinarian War, or Allen's Latin Selections.

Cicero—seven orations.

Virgil—the Bucolics, and the first six books of the *Æneid*.

Greek Grammar—Crosby, Kuehner, Hadley, or Goodwin.

Xenophon—Anabasis, three books.

Homer—Iliad, two books.

Ancient Geography.

Arithmetic.

Algebra—Loomis's, to Quadratic Equations.

Geometry—Loomis's, two books.

English Grammar, including Orthography and Orthoepy.

Modern Geography.

The examination in the common English branches will be insisted on with no less strictness than in the ancient Languages and the Mathematics. Real equivalents will be accepted instead of the text-books named.

Candidates for higher standing are examined as above, and also in the studies gone over by the class to which they may desire admission.

The stated times for examination are the Tuesday preceding Commencement, at eight o'clock, A. M., and the last day of the following vacation,

(September 11, 1872,) at eight o'clock, A. M. But in special cases candidates may be examined and admitted at other times in the year, excepting that no admission to the Senior Class is allowed later than the beginning of the second term.

The place for examination is the Alumni Hall.

Before examination the candidate must exhibit satisfactory testimonials, that he sustains a good moral character. If he has been a member of any other College, he will be expected to present a certificate of regular dismissal.

No one can be admitted to the Freshman Class, until he has completed his fourteenth year : and no one to an advanced standing without a corresponding increase of age.

EXERCISES.

There are either three Recitations, or two Recitations and two Lectures daily, excepting Wednesday and Saturday, when one Recitation is omitted.

On every Wednesday afternoon there is a public Exercise in Declamation, in which the classes speak by divisions, and for which preparation is made by private rehearsal before the Professor of Rhetoric or the Instructor in Elocution. Seniors and Juniors deliver original Compositions.

Biblical instruction is given to each class during some portion of every year.

There is public worship in the Chapel every Sabbath; and prayers every morning. Every Thursday evening there is preaching or some other religious exercise, which the students are invited, but not required to attend.

2. Written examinations of all the classes, either on the completion of studies, or near the close of each year on the studies of the year.

3. Written examinations of the Senior Class closing two weeks before Commencement.

A record is kept by the Faculty of the attainments and deportment of every student, and each student's standing on the merit roll is made known to him at the beginning of every term. Information concerning his proficiency and deportment is communicated to the parent or guardian, when requested, or when deemed necessary.

LIBRARIES.

The Libraries of the College and the Literary Societies contain about thirty-six thousand volumes. The *College Library and Reading Room* are

open every day (Sundays excepted) from nine to half-past eleven o'clock, A. M., and from half-past one to five o'clock, P. M. Books of reference may be consulted at any hour when the Reading Room is open ; but books can be drawn only from eleven to half-past eleven, A. M., and from half-past one to two, P. M. The *Libraries of the two Literary Societies* are accessible to the members of the Societies according to regulations established by themselves, and are open for the delivery of books on Wednesday, from half-past two to quarter-past three o'clock, P. M., and on Saturday, from half-past one to two o'clock, P. M.

APPARATUS FOR MATHEMATICAL AND PHYSICAL SCIENCE.

The LAWRENCE OBSERVATORY, consisting of a transit room, and a tower with a revolving dome, is furnished with instruments for accurate astronomical observations. The pier in the centre of the tower sustains a refracting telescope, mounted equatorially, having a focal length of nine feet, and an aperture of seven and one-fourth inches. The telescope was manufactured by Alvan Clark, A. M., of Cambridgeport. The transit room contains a transit circle, clock, and chronograph, for meridian observations. The circle was graduated by Gambey, of Paris. The Observatory also contains an altitude and azimuth instrument, by Gambey, and the usual instruments, of the latest and best construction, for surveying and engineering.

The collection of *apparatus for experiments in Natural Philosophy* is extensive, and well adapted for a course of experimental illustrations. It occupies a room in the second story of the WALKER HALL, where ample accommodations are furnished for its arrangement and use.

The *Chemical Laboratory and Lecture Room* occupy the first story of the WILLISTON HALL. These rooms are furnished with apparatus for an extensive course of chemical experiments.

CABINETS OF NATURAL HISTORY.

The specimens illustrating Natural History and Human Antiquities, are deposited in the three edifices known as the Woods Cabinet, the Appleton Cabinet, and the Walker Hall.

The WOODS CABINET is named in honor of Hon. Josiah B. Woods, of Enfield, Mass., its principal donor. The upper story contains the *Shepard Collection* of meteorites, and his geological collection (almost exclusively of

fossils) amounting to at least 10,000 specimens. The lower room contains the *General Geological Collection* of the college, together with the State Collections of Massachusetts, Connecticut and Vermont, which together amount to 12,000 specimens. An adjoining room called the *Nineveh Gallery*, built by Enos Dickinson, Esq., late of Amherst, contains about 200 specimens obtained by Dr. Henry Lobdell from the ruins of ancient Nineveh and Babylon. It exhibits sculptured slabs from the palace walls of Sardanapalus at Nimroud, as well as several hundred antique coins, seals, and cylinders, from the same cities.

In the APPLETON CABINET, named from the late Hon. Samuel Appleton, of Boston, are the *Hitchcock Ichnological Collection*, the *Gilbert Museum of Indian Relics*, and the *Adams Zoölogical Collection*.

In the unique *Ichnological Collection*, named after the late President Hitchcock, are to be found about 1,400 specimens, containing at least 20,000 tracks of animals in stone, together with plaster and clay casts of tracks of living and fossil animals. The *Museum of Indian Relics* receives its name from the late Hon. George H. Gilbert, of Ware, Mass., by whose liberality it was mainly established. It comprises about 3,500 specimens of the stone implements of the extinct Indian race, and principally those who lived in the Connecticut Valley. The *Zoölogical Collection* was principally gathered and arranged by the late Professor Charles B. Adams. It comprises prepared specimens of animals and their habitations, and dried plants, representing all the great groups of the animal and vegetable kingdoms. In the department of shells, it is particularly extensive and valuable. A *Collection in Comparative Anatomy* has been commenced and is incorporated with this collection.

The WALKER HALL is a new granite building, named in honor of the late Dr. William J. Walker, its principal donor. The third story contains the Mineralogical Collection of Professor Shepard, consisting of more than 10,000 specimens, also his extensive collection of shells and his herbarium.

The collections, as arranged in all these cabinets, contain more than 100,000 specimens of the animal, mineral, and vegetable kingdoms.

The Cabinets are open to the public each week day, from ten to eleven o'clock in the morning, and from three to four o'clock in the afternoon, when the Custodian will be in attendance.

AIDS TO CLASSICAL STUDY.

Through the liberality of certain friends of the College, the Classical Recitation Rooms have been provided with various works of art, adapted to facilitate instruction, and to increase the interest of the students in classical study.

PHYSICAL CULTURE.

The BARRETT GYMNASIUM, named in honor of the late Dr. Benjamin Barrett, of Northampton, is a granite building, with bowling alleys, and the gymnastic apparatus essential to the health, recreation, and proper development of students. It is open during the day-time to the members of the College for voluntary exercise, and at an appointed hour each class is required to be present and engage in exercise under the direction of the Professor of this Department. The required exercises consist almost entirely of the light gymnastics, the movements of which are guided and timed by music, while the heavy and more difficult gymnastic work is entirely at the option of the student. No effort is required of any student which cannot be safely and profitably undertaken by any person who is sound in body and mind.

The Professor in this department is an educated physician, and as far as possible is expected to be acquainted with the physical condition of each student in town during term-time, and all students are permitted to consult him without charge. This department has been in successful operation for the past eleven years, and its good effects have surpassed the most sanguine expectations of its projectors and friends.

EXPENSES.

The following are the principal necessary expenses, exclusive of vacations :

General Term Bill, \$30.00 per Term,	\$90.00	\$90.00
Room Rent from \$6.00 to \$8.00 per Term,	18.00	24.00
Fuel and Lights, from \$12.00 to \$18.00,	12.00	18.00
Board from \$3.50 per week to \$6.00, making per year of <i>thirty-eight</i> weeks,	135.00	228.00

The expenses for Room Rent, Fuel and Lights, are estimated on the supposition that two students occupy the same room. For a few choice rooms a higher rent is required.

In case of admission to an advanced standing, \$5.00 per term for the previous terms is required, unless such standing shall have been attained in another college. This charge is sometimes for special reasons, particularly in case of indigent students, remitted by the Prudential Committee.

There are some expenses which result from taxes voluntarily imposed by the classes or societies. These and expenses for furniture, stationery, etc., will vary according to circumstances and the character and habits of the student.

PAYMENTS.

The amount of each term bill must be paid in advance. A bond, with satisfactory surety for the payment of all the College bills must be given by each student to the Treasurer, at the commencement of the term when he enters.

SCHOLARSHIPS.

The College has a fund of sixty-five thousand dollars, the income of which is appropriated to aid young men who are preparing for the Christian Ministry, and need assistance. Meritorious students of this class can receive each a scholarship of *sixty* dollars annually, which will be credited to them on their term bills. The same class of students usually obtain from the American Education Society not less than *one hundred* dollars annually.

STATE SCHOLARSHIPS, three of \$45 each, as conditioned by the Legislature of Massachusetts.

MOORE SCHOLARSHIPS, three in number of about \$140 each, income of endowment, by bequest of Rev. Dr. Moore, the first President of the College. The receivers of them are nominated by the Brookfield Association of Ministers.

HITCHCOCK SCHOLARSHIPS, six in number of at least \$100 each, income of endowment, by gift of Samuel A. Hitchcock, Esq., of Brimfield.

ADAMS SCHOLARSHIPS, three in number of about \$40 each, by bequest of Asabel Adams, Esq., of North Brookfield.

WARREN SCHOLARSHIPS, two of \$70 each, by gift of Samuel D. Warren, Esq., of Boston.

MOSELEY SCHOLARSHIPS, one of \$80, and one of \$40, by Thomas W. H. Moseley, Esq., of Hyde Park, for Seniors of highest attainment in "the Scientific Evidences of Religion."

PERSIAN SCHOLARSHIP, \$120, income of endowment, by bequest of Rev. James L. Merrick, of South Amherst, of the class of 1830.

TUTTLE SCHOLARSHIP, \$70, income of endowment, by gift of Mrs. Sarah Tuttle, of Wayland.

RUSSELL SCHOLARSHIP, \$70, income of endowment, by gift of Hon. Levi Russell, of Hadley.

BERTRAM SCHOLARSHIP, \$100, income of endowment, by gift of John Bertram, Esq., of Salem, for highest attainment in Latin during the College course.

FARNSWORTH SCHOLARSHIPS, two of \$105 each, income of endowment, by gift of Isaac D. Farnsworth, Esq., of Boston.

COOK SCHOLARSHIP, \$70, income of endowment, by gift of George Cook, Esq., of Keene, N. H., of the class of 1841.

ENOS DICKINSON SCHOLARSHIP, \$70, income of endowment, by bequest of Lieutenant Enos Dickinson, of Amherst.
